

Statement of Welcome

Welcome and thank you for your interest in the Canon Envirothon, North America's largest high school environmental education competition.

Each year, Envirothon provides more and more students with a chance to get "up-close and personal" with North America's natural resources. Envirothon offers both in-class curriculum and hands-on field experiences focused around ecology, natural resource management, and current environmental issues. This unique combination of learning experiences and breadth of study is part of what has made the Envirothon a huge success with students and educators across the United States and Canada.

Today, Envirothon is able to push forward in its mission to bring environmental education to North America's youth because of generous contributions from our sponsor. Canon U.S.A., Inc. has joined forces with the Envirothon, providing financial resources to help increase program visibility and promote greater participation.

To learn more about the Canon Envirothon, please explore the information and resources available on our website. If you have additional questions or require information, feel free to CONTACT US. We'd love to hear from you.

From all of us at Canon Envirothon, we wish to say welcome!
