

## State / Provincial Envirothon

### Organizational Structure

Most US States and Canadian Provinces already have established Envirothon Committees to manage their State/Provincial Envirothon program. If an Envirothon Committee already exists in your state or province, it will be simple for you to begin your Envirothon experience. If, however, a committee does not exist in your area, the information contained in this part of the website will walk you through the process.

In the ABOUT SECTION of this website, we presented an overview of the Envirothon designed to help you learn something about the organizational structure, goals, and objectives of the program. The challenge with which you are now presented lies in your ability to establish and/or maintain a successful Envirothon program in your state/province.

The information contained in the Envirothon Resources section of this website will provide you with information on:

- Suggested Roles & Responsibilities for Your STATE/PROVINCIAL ENVIROTHON COMMITTEE & CHAIRPERSON
  
- Roles & Responsibilities for SUGGESTED SUBCOMMITTEES
  
- Recommendations for CREATING AN ENVIROTHON COMMITTEE
  
- Sample AGENDA FOR FIRST MEETING

Dedicated, enthusiastic people like you have helped created the information in this section - the blue print for success has been created. Now it's your turn to help perfect that success!
